

THURSDAY 9 MARCH 2017
8.30 - 10.30AM

In-house Counsel Discussion Group

The Corporate & Commercial team invite you to attend a briefing where they discuss the following current topics:

Accessorial Liability under the Fair Work Act (Cth) 2009 - Deanna Oberdan - Accessorial liability under the Fair Work Act (Cth) 2009, what is it, and what you need to know? If you are an advisor, in Human Resources, a manager, a contractor or a recruiter the Fair Work Ombudsman is extending its reach and you may be personally at risk of being found to be an accessory.

Data Protection Part 3 - Norman Donato - Statutory duties of Directors and Officers to protect information – how far does it go, and what will it cost you if you breach? This final instalment of our Data Protection Series rounds out our review of means of protecting valuable data. If you are a company officer, charged with protecting valuable company information, or simply leave an organisation, you do not want to inadvertently or knowingly breach your statutory duties.

Please feel free to extend this invitation to colleagues where appropriate.

RSVP: By 2 March - events@bartier.com.au
